Company Overview

Titan, Consultants and Engineers, LLC provides top-notch construction services and consulting. We have over 10 years of experience in federal government commercial construction which enables our 50 employees to supply an array of services.

We are a uniquely-skilled construction management company specializing in federal government construction. As owner's representatives and construction managers, we can effectively communicate the owner's goals of the project, while adding costs savings analysis, value engineering, and LEED consulting to during the designing and planning phase. We then ensure contract compliance with your prime contractor by systematically and meticulously reviewing and verifying all items in the contract documents are being adhered to.

For additional information on our company and federal contracting abilities, please reach out today.
